

# PEMBINA VALLEY CONSERVATION DISTRICT WATER PASTURE PIPELINE PLOW APPLICATION

**This is offered to farmers in PVCD. It is used for burying 1” to 2” plastic pipe for pasture watering systems, up to 18” into the ground. It can be economical to run water to different paddocks using this system from an existing pressure system. Phone the office about ordering pipe and the use of the machine. Rental of the machine is \$100.00 per use within the District and \$200.00 outside the District.**
